META DETTA A CAPO DI BOVE

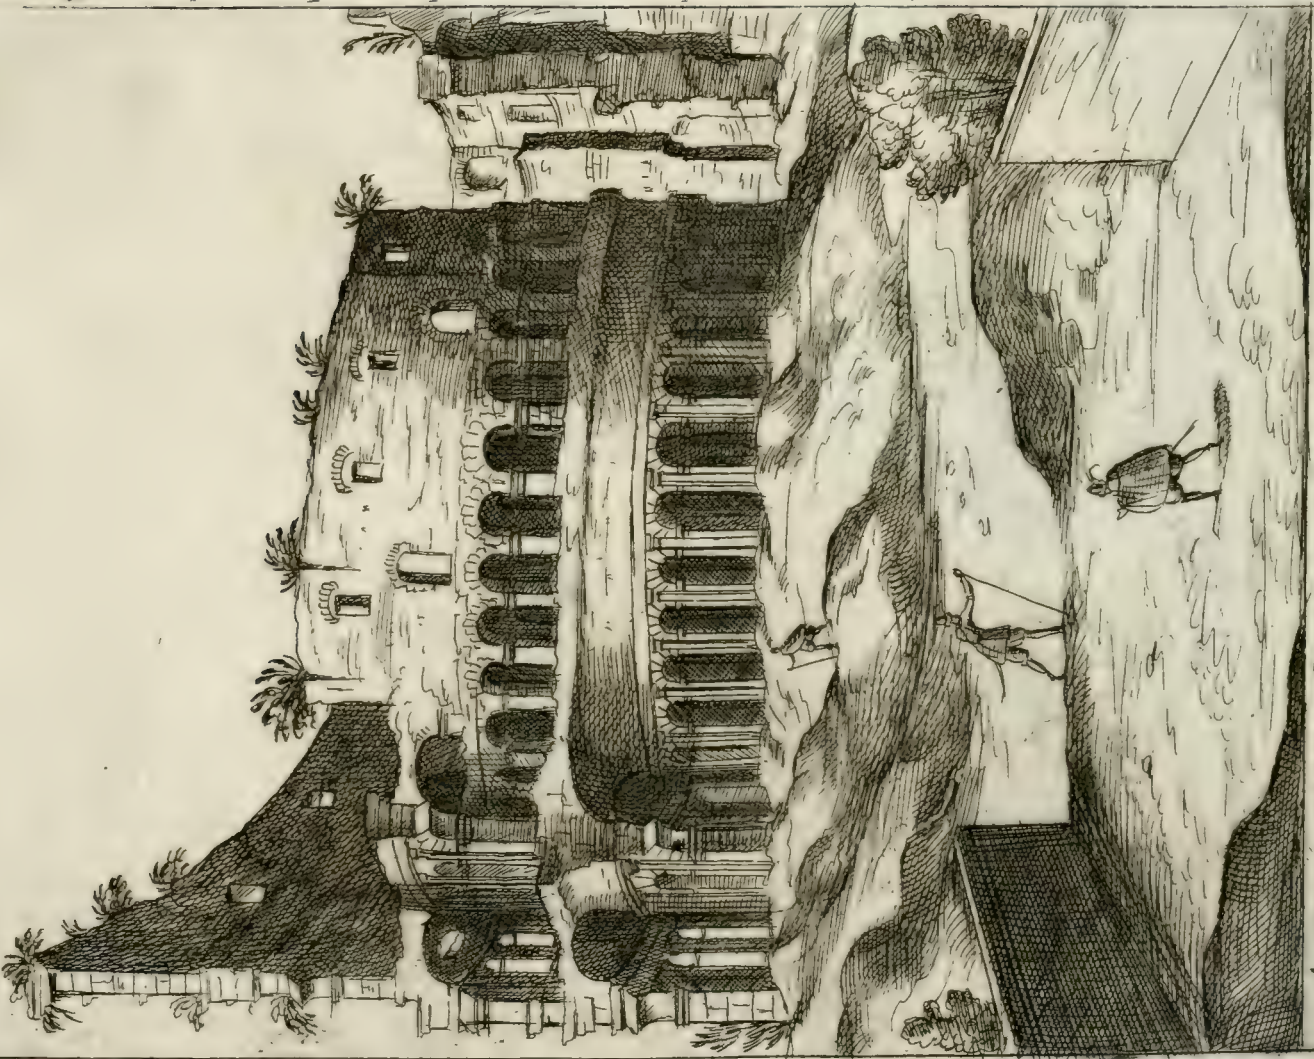

Vedere che questa antica fabbrica posta nella via Appia che oggi è chiamata capo di bove sia il sepolcro di Caecilia Metella moglie di M. Crasso per le lettere che appariscono la qual forma per esser ritonda e sferica rappresenti fu da gli antichi detta Meta. E a questa le più piccole servivano per terminare di strade e le più grandi situano ne i ricchi dove corrono i cavalli.

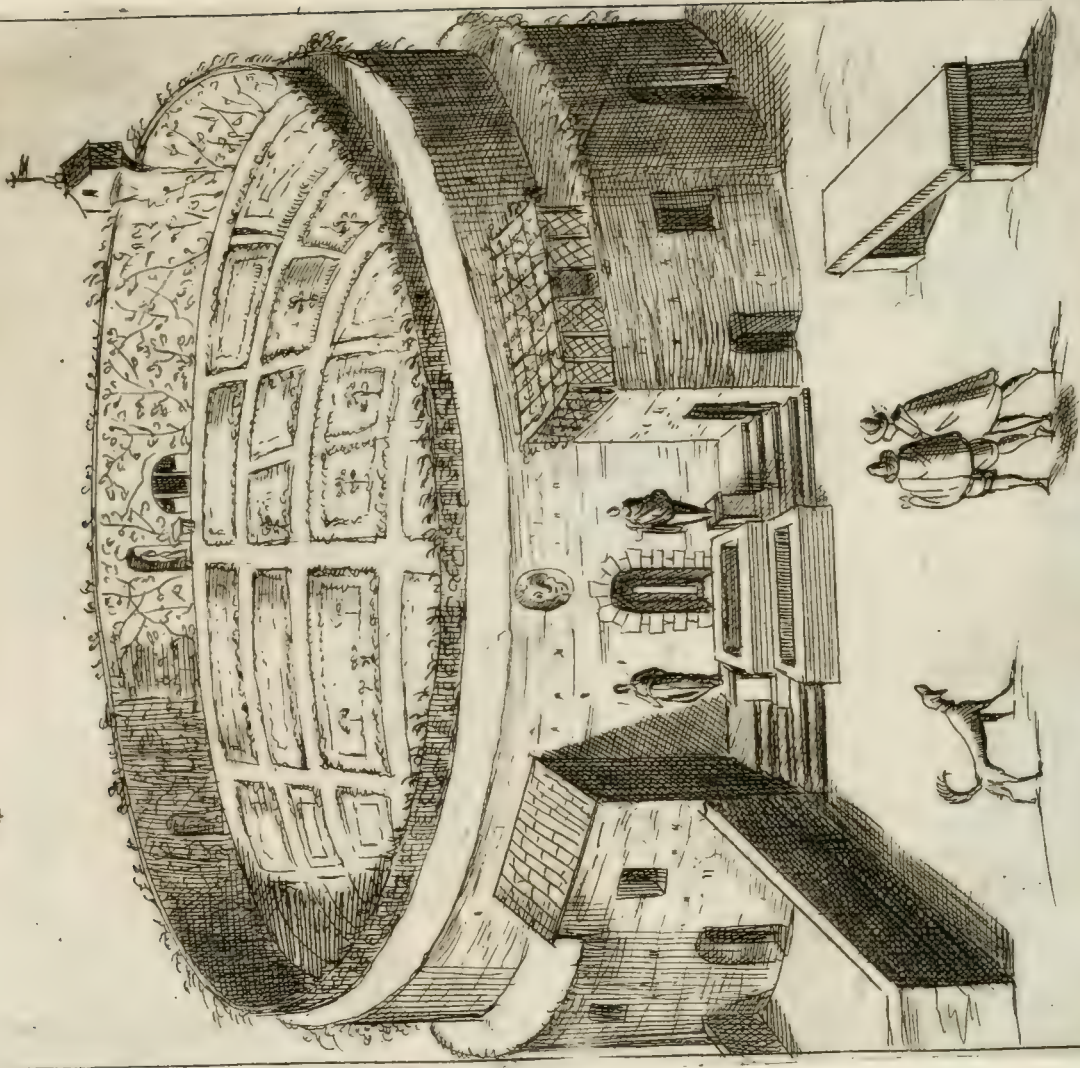

FORTEZZA E PONTE DI CAST. S. ANGELO

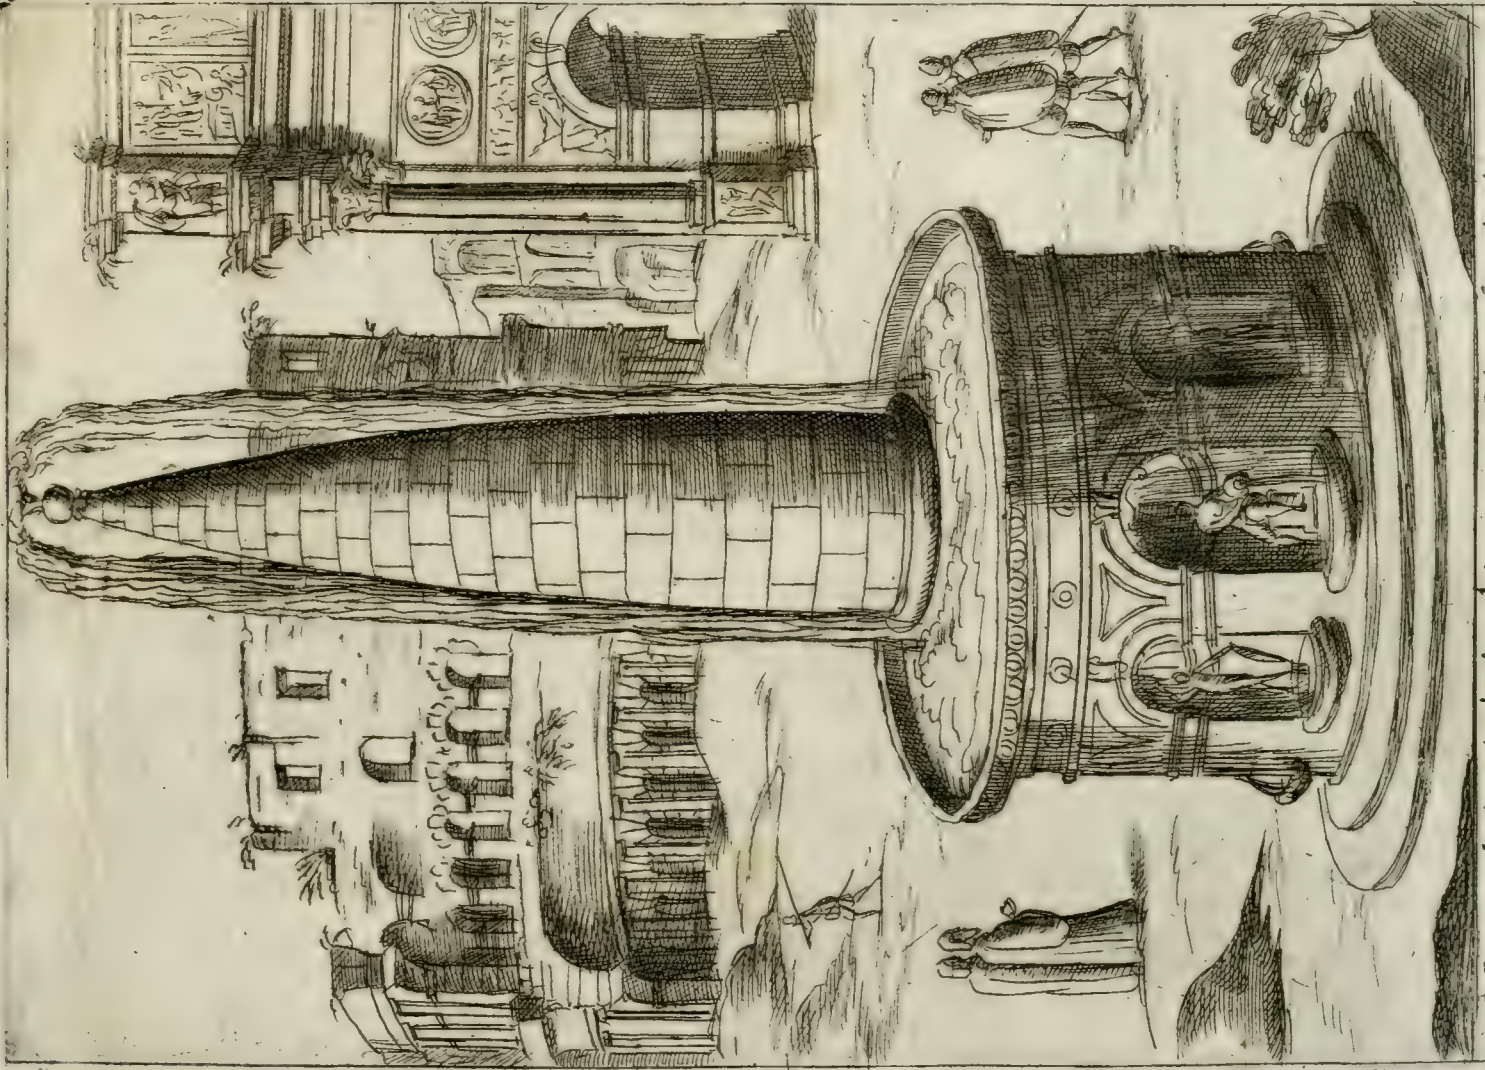

Ello, Adriano Imp. fece il Ponte S. Angelo da lui nominato Elio per la comodità e passaggio alla Mole che hoggi endotta in Castello come si vede da Bonif. ottavo e da Alessandro sesto e a tempi più moderni Nicolao Quinto Pontefice lo rese più ampio et spedito che non era anticamente, levandone alcune casette che occupavano et questo fu l'anno del Santissimo Giubileo del 1440.

MOLE DI

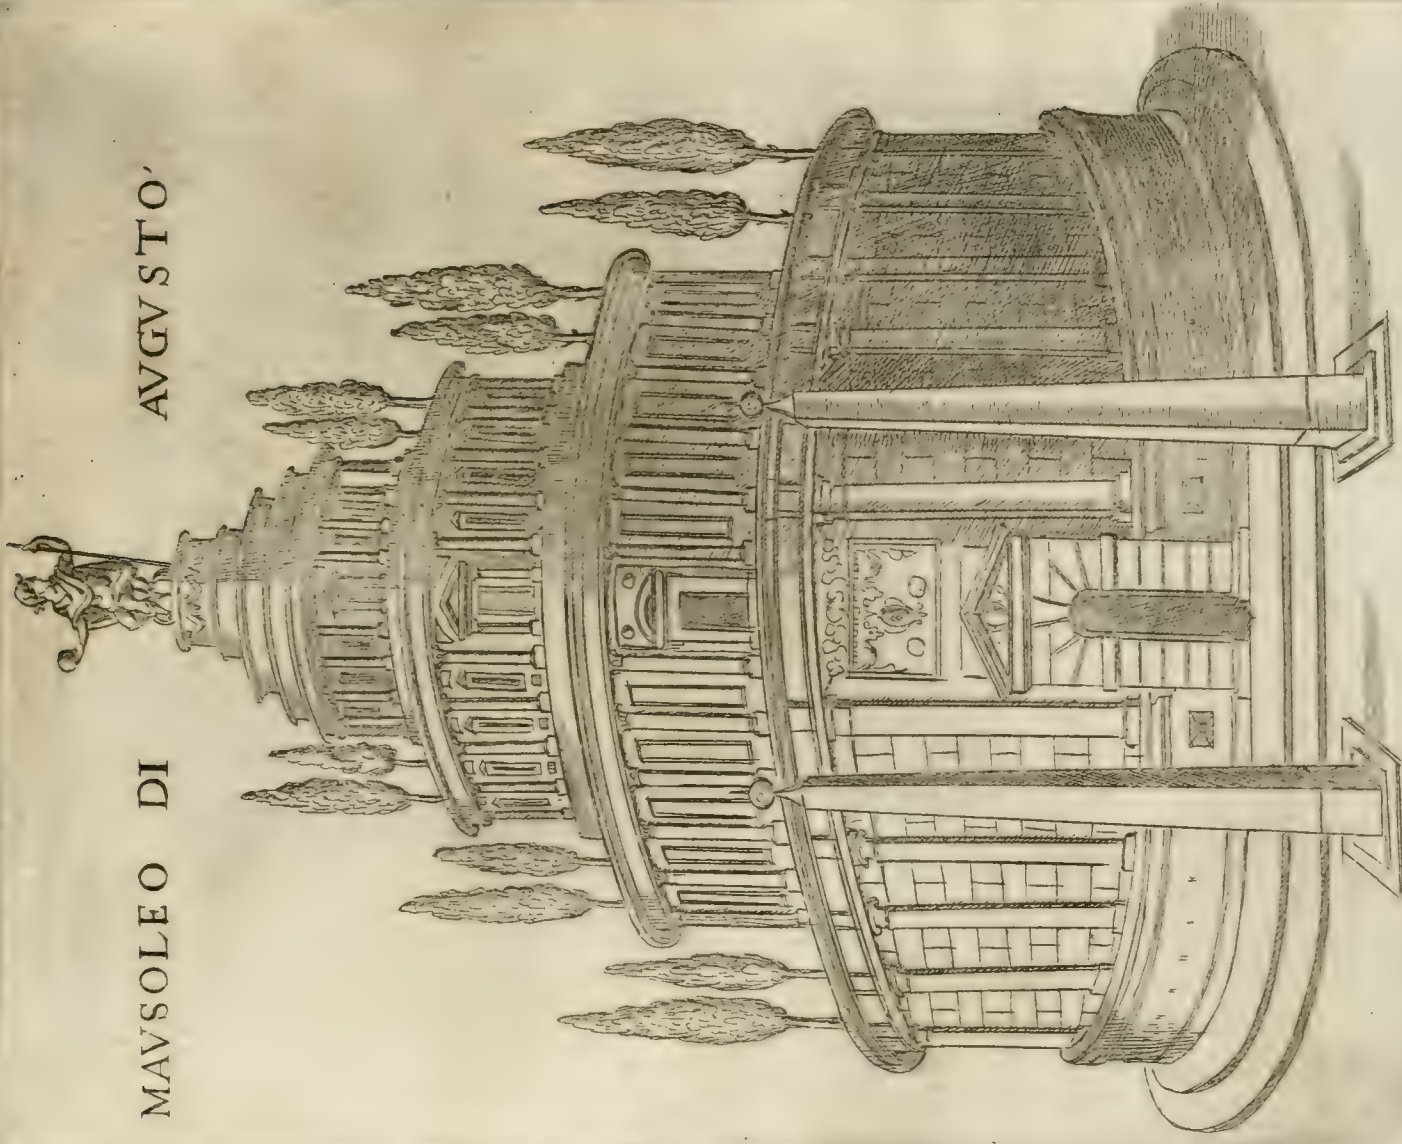

ADRIANO

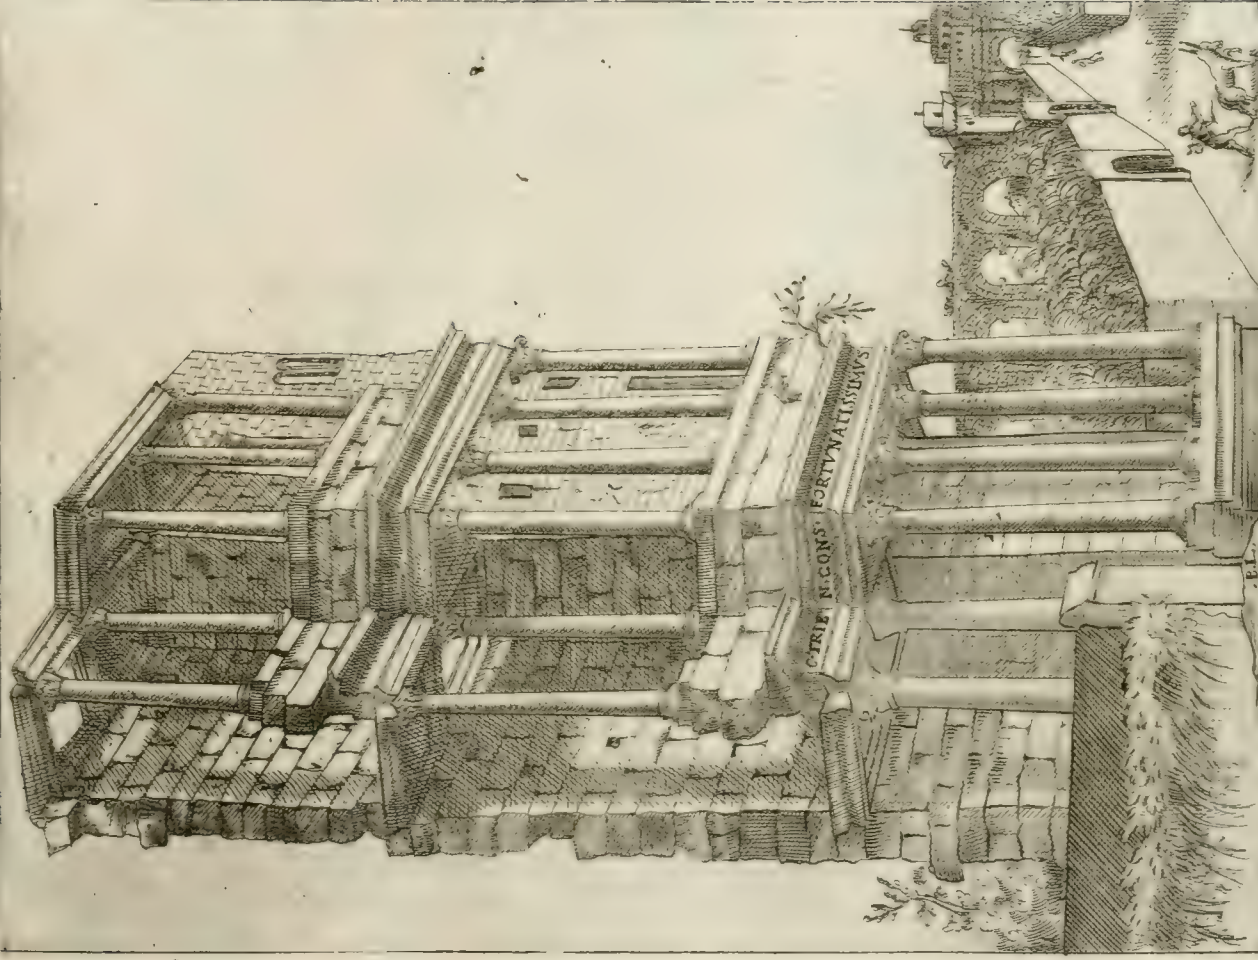

Questa è la Mole di Adriano Imp. fatta per il suo sepolcro già ornata di statue di uomini e di cavalli i quali furono
gettati a terra al tempo di belisario contro a Costi. dove in cima era, dicono molti, la Pira di bronzo sopra la
qual Mole a tempi di S. Gregorio Papa apparve l'aragelo Michele Bonifacio s' la fece ridurre in fortezza
et Adriano s' la circondò di fossi battioni e torrioni.

MAVSOLEO DI

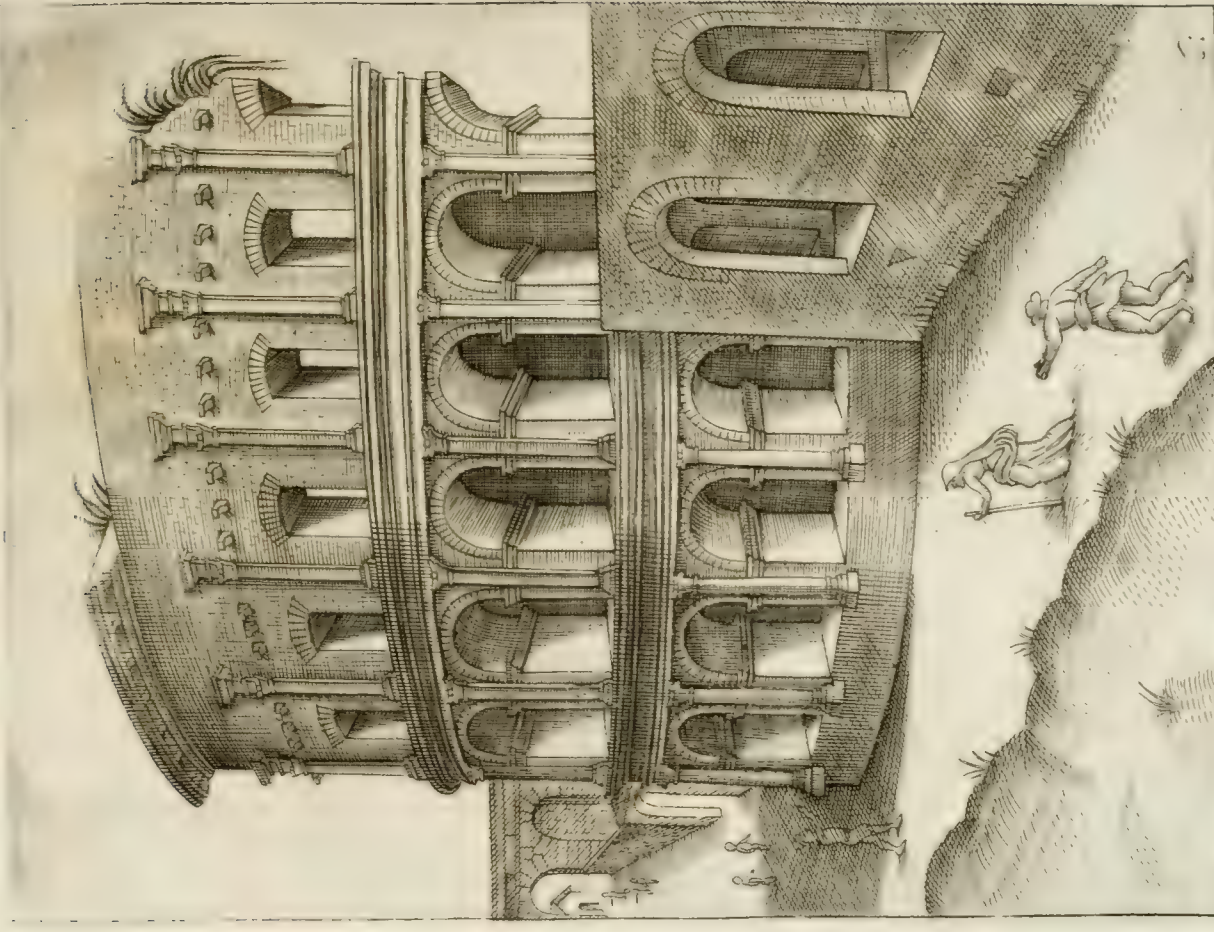

AVGVSTO

Tra la via Flaminia è lievere dove hoggi si due lortaciu, dietro S. Paolo, vedonsi le relique del presente
Mausoleo d'Augusto fatto per il suo sepolcro, ad imitatione di quello antico di Artemisia, che dedico in
honore di Mausolo Re di Caria suo marito, questo era circondato di torrioni a torno luno sopra l'altro
con questo cubus entrovi le ceneri de suoi parenti con orti et alberi bellis.

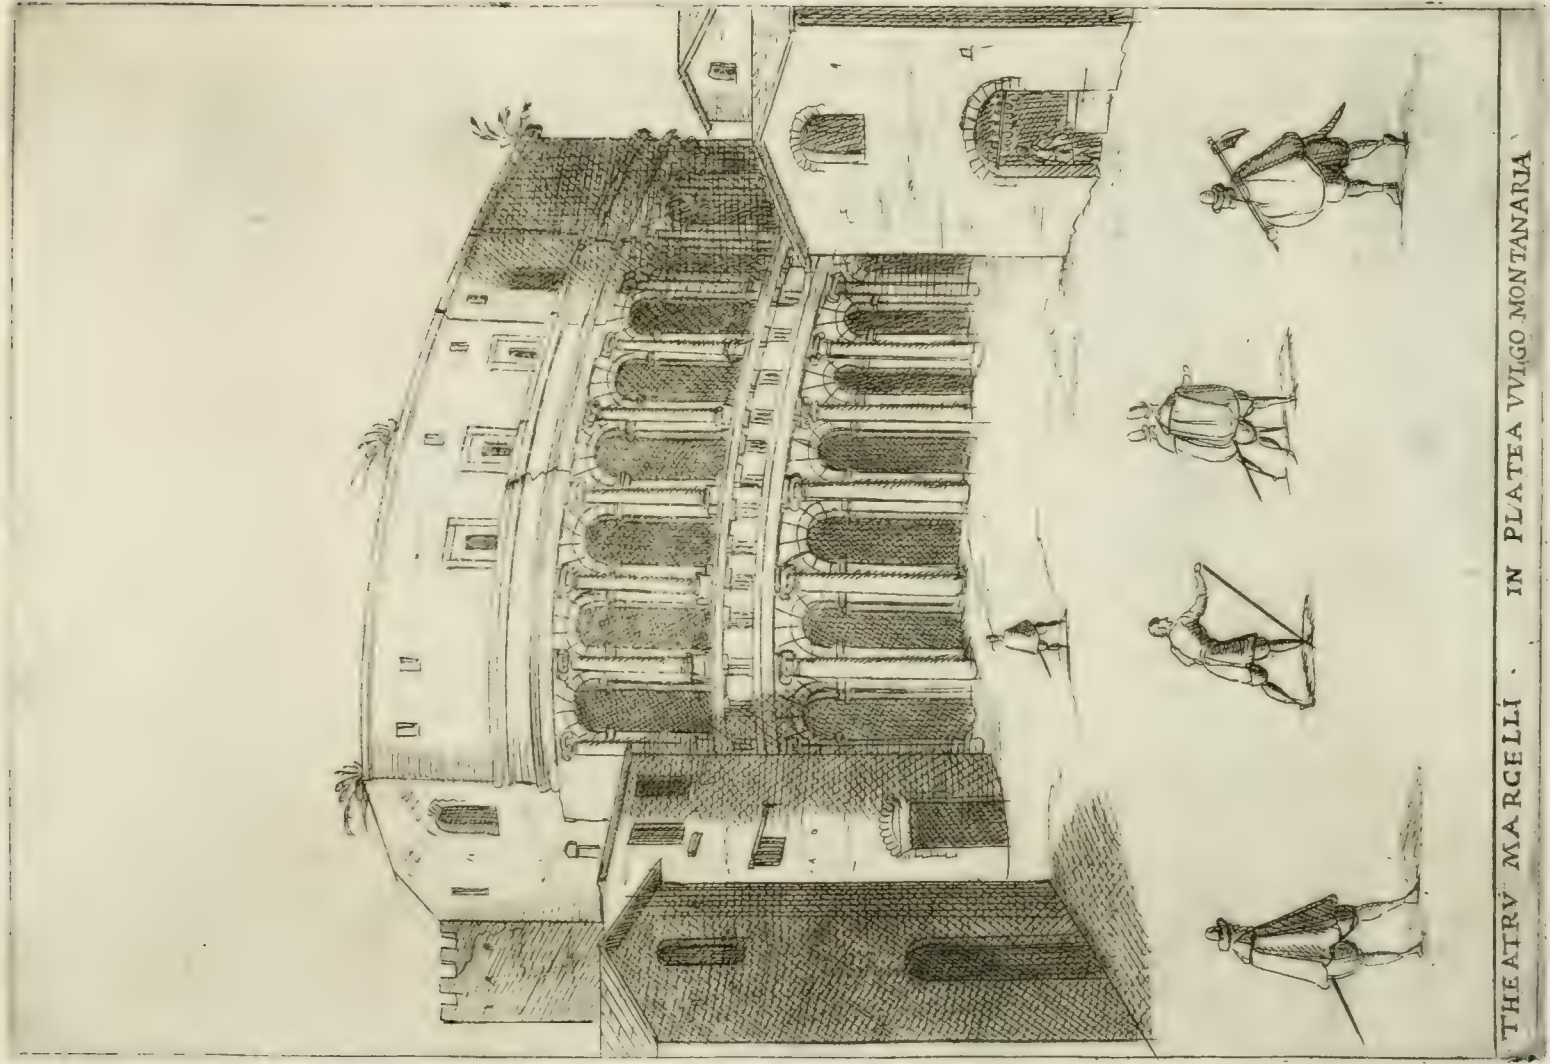

Veduta del Tempio di Severo Imperatore, che fu un Sepolcro che egli si edificò sopra la strada Appia non per altra ragione se non che quelli che venivano di Africa, lo hanno su gli occhi, questo edificio faceva facciata a mezzo giorno et è tutta di opera Corintha, con bellissimi colonne di varie pietre mischio parte striata et parte senza, co' li loro membri di marmo, fu chiamato anco Settimio da sette secoli che avara, et che s'uede nella porta di dietro Il vulgo lo chiamano la Scuola de Vergilio.

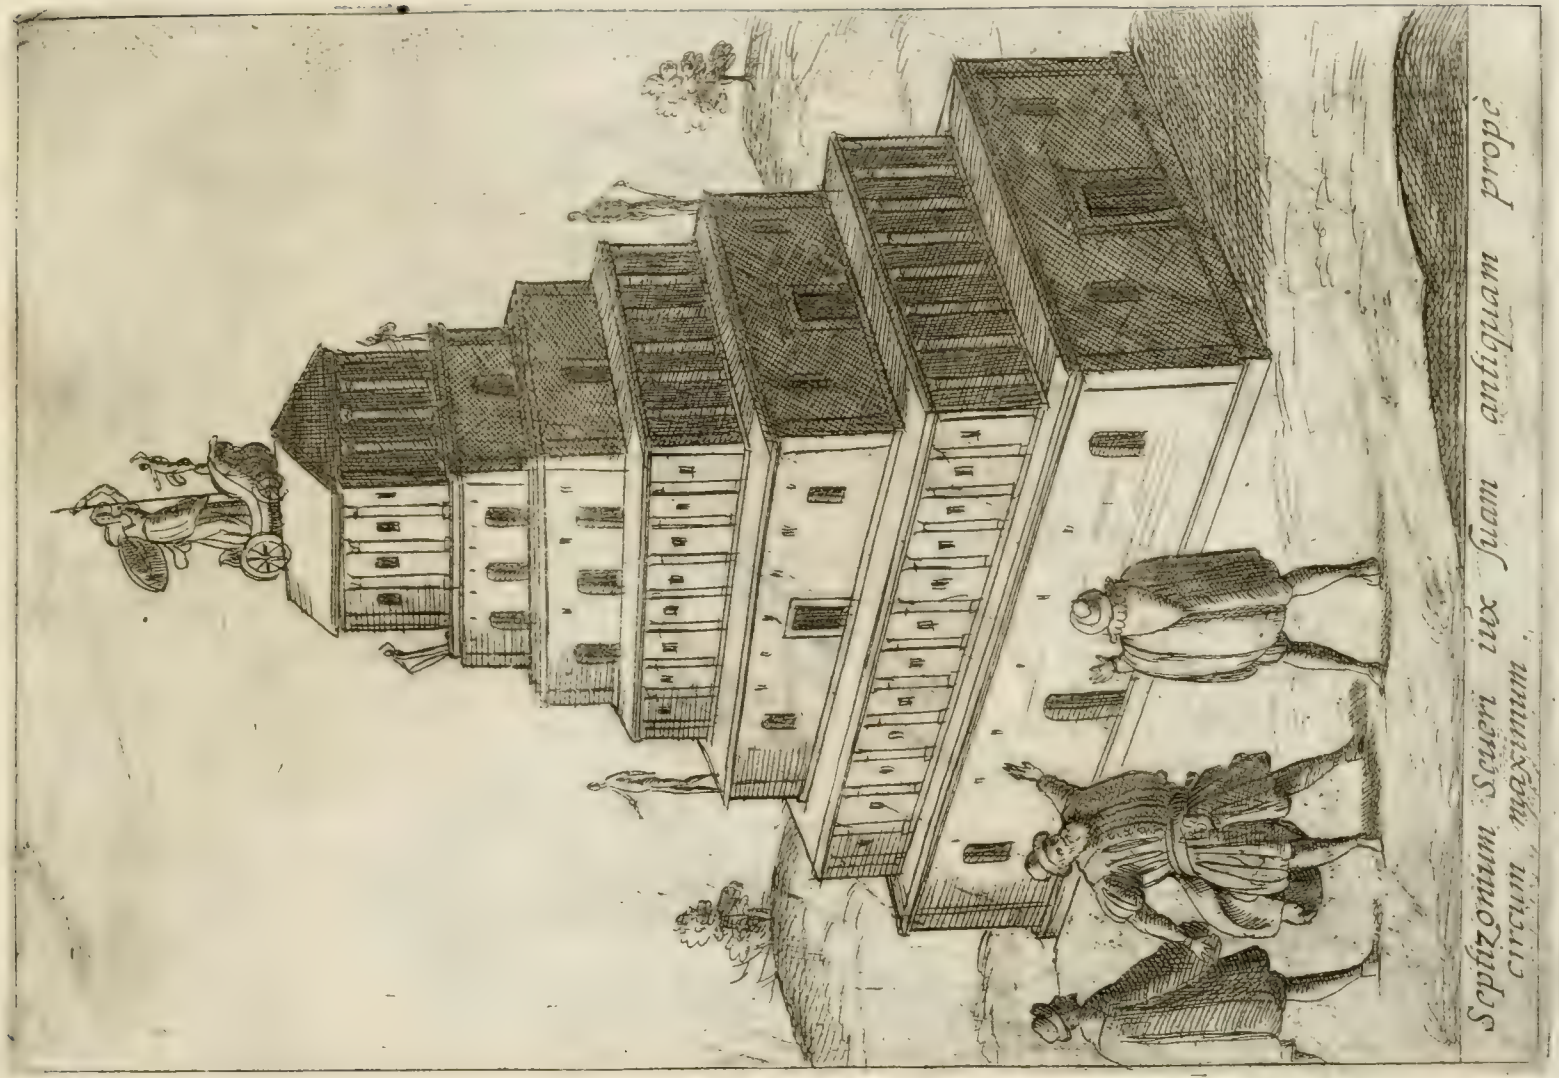

Amphiteatro Pub: Statilio Taurò, congiunto alle mura della Città di Roma attaccato alla Chiesa di Santa Croce in Gierusalem riguardando a Mezzo giorno Costantino Imperatore fece portare parte del legno della Santa Croce in detta Chiesa
